**Subject: Questionnaire on recruitment and retention in the education sector**

Dear colleagues,

The ETUCE is pleased to send you an in-depth questionnaire on recruitment and retention in the education sector. This questionnaire is part of a broader study on the issue carried out together with the European Federation of Employers in Education (EFEE) with support from the European Commission.

The results of the inquiry, which also includes a series of case studies, will be presented to you at regional seminars in the spring 2012. On the basis of the study and the regional seminars' outcome, the ETUCE and EFEE will deepen the analysis of recruitment and retention practices and hopefully adopt a set of European guidelines in 2012.

It is important to take the time necessary to answer all questions, especially since several parts of the questionnaire relate to working conditions, thus enabling to continue the discussion at the EU level on the consequences of the economic crisis in the education sector.

It is highly encouraged to use the user-friendly online form to respond the questionnaire. To do so, please use this internet link:

<http://pages.ei-ie.org/survey/index.php?sid=27143&lang=en>

I also invite you to respond the questionnaire jointly with the other ETUCE member organisation(s) from your country and, when it is possible, to respond the section 1 (asking for figures regarding the education workforce) jointly with the employer organisation(s) from your country<sup>1</sup>. Thank you for sending your responses by the 19<sup>th</sup> of December 2012.

Please note that since the survey is part of an EU-funded project, only the ETUCE member organisations from EU 27 and EFTA countries are invited to respond the questionnaire.

Kind regards,

Martin Rømer  
European Director

<sup>1</sup> You can check the EFEE members from your country on this webpage:
